

Non-Discriminatory Policy

Equal Care, Exceptional Standards

At Ehsas HomeHealth (EHH), we champion equality and diversity, ensuring non-discrimination for both our patients and employees. We proudly provide care without bias, embracing individuals regardless of race, age, religion, gender, orientation, or disability. Our referral and recommendation processes are also impartial, adhering to federal, state, and local laws. EHH's meticulous personnel selection guarantees unparalleled home healthcare standards, empowering our patients' journey to wellness.

All Personnel are carefully screened & chosen to ensure the highest standard of care.

Expertly Delivered Home Healthcare: Compassionate, Comprehensive, and Secure

Our Mission

- Providing well-rounded physical, emotional, and social support in the comfort of your home and community.
- Collaborating closely with interdisciplinary teams and physicians to develop personalized home treatment plans, promoting self-sufficiency
- Diligently identifying clients' unique needs to design customized care plans, minimizing the risk of unnecessary hospitalization
- Upholding a commitment to excellence by consistently meeting and exceeding the highest standards within the healthcare industry

Our Services

Skilled Nursing

Our registered nurses provide expert care by

- Coordinating and monitoring client progress
- Educating clients and caregivers on illness stages, recovery, and symptom recognition
- Guiding through treatment regimens, client rights, and advance directives

Our registered nurses can also provide skilled nursing care in the following areas

- Wound & Ostomy Care
- Respiratory Care
- Cardiovascular Care
- Care after hospitalization or surgery
- Diabetic Education
- Pain Management
- Medication, Diet, & Disease Management
- Catheter Care & Insertion
- Fall Prevention
- IV Infusion
- Nasogastric & Gastrostomy Care

Home Health Aides

Our state-certified nurse assistants are dedicated to providing attentive, high-quality assistance to our patients. With comprehensive training, they are well-equipped to support personal care and hygiene tasks, ensuring comfort and well-being.

Rehabilitation Services

Our rehabilitation process encompasses

- In-depth therapy evaluations to identify individual needs
- Home safety assessments to create a secure and comfortable environment
- Caregiver training for consistent and knowledgeable support
- Customized home exercise programs to promote progress and well-being

Physical Therapy

Our skilled physical therapists deliver targeted services for diverse patient needs, enhancing functional independence at home through adaptable exercises and routines for ongoing improvement.

Occupational Therapy

Our expert occupational therapists assist patients with diverse conditions through a range of therapeutic services, equipping them with functional knowledge and proper techniques to adhere to prescribed treatment programs effectively.

Speech Therapy

Our dedicated speech therapists offer patient-focused treatment to enhance communication and swallowing abilities. Through comprehensive education, patients gain a deeper understanding of their conditions and the most effective treatment approaches.

Medical Social Workers

Our Medical Social Workers (MSWs) assist patients and caregivers facing psychosocial difficulties stemming from illness. They provide valuable information on community resources, including meals on wheels, transportation, financial assistance, and other vital services to enhance overall well-being.

Ehsas Home Health is committed to empowering your healing journey one step at a time.
